

ORDER COMPANY TO BE PREPARED

Adjutant General Notifies Capt. Walker To Have Men Ready For Duty

In a letter issued by the adjutant general of the Wisconsin National Guard Captain D. H. Walker of Company L, has been notified to have his men prepared for service so that in case they are needed for actual duty they would be ready to go without delay. From these orders it is taken that intervention by the United States in Mexico is more than a mere possibility. Similar notification has been sent to every company in the state.

A complete inventory and inspection of all equipment and stores is demanded in the order, which also states that any supplies needed can be obtained by applying to Charles A. Williams, state quartermaster at Camp Douglas.

The prospects of participating in real warfare is met with enthusiasm by the members of Company L. While the difficulty in Mexico may be settled without fighting the present relations between the two nations are so strained that the department deems it prudent to be ready for any emergency which may arise.

The Superior Telegram in an article pertaining to the orders of the adjutant general says:

"While there have been denials made by officials of the national administration it is generally supposed that informal advice were sent to the militia of Wisconsin, South Dakota, Pennsylvania, and other states to be prepared. These orders were communicated to the adjutant general of the states where the militia are in the best shape. However, not even tentative marching orders have been issued. In the first place, state militia, as such, cannot without the express authority of congress, take part in a warlike expedition. These troops must be enlisted in a volunteer army."

BIG BOUT FRIDAY

Perkins Ready For Steamboat Bill Scot In Oshkosh

Steamboat Bill Scott, who meets Billy Perkins of this city in Oshkosh Friday night, fought a ten round draw with Young Mahoney of Racine in Sheboygan last Friday night. Scotty said that his right arm was in bad condition or he would have beaten the Racine boy.

Billy Perkins went to Oshkosh today. He is in fine fettle for his match with Scott and confidently expects to put one over on the Beer City mixer. The coming bout between these two middleweights is attracting great attention in Oshkosh and Milwaukee and a sprinkling of fans from the latter city is looked for at the ringside. Steamboat and Perkins are old enemies and the coming affair between them will be no pink tea.

VERANDA COLLAPSES

Several Young Men Have Narrow Escape At Gilligan's Hall

Twelve young men experienced narrow escapes from serious injuries at a dance at Gilligan's hall Thursday night when a portion of the veranda on the front of the building fell and they were hurled fifteen feet to the sidewalk below.

The occupants of the veranda were peering through a window watching the dancers when suddenly and without warning the structure collapsed with a crash. All landed below in a heap. Some of the young men were bruised slightly.

AWARD SILVER CUP

Business Men Offer Prizes To Oneida Potato Growers

It is a matter of county pride that Oneida County potato growers make as good an exhibit as any county represented at the coming meeting of the Wisconsin Potato Growers' Association at Rhinelander, Nov. 20-21. Therefore, the business men and citizens of Rhinelander offer as additional awards upon the best exhibit of each of the varieties named in the list upon which the Association gives cash prizes, except upon the Peerless, to Oneida county growers, a silver cup suitably engraved to commemorate the event. To make sure of no mistake in the varieties they are Rural New Yorkers, Burbank, Green Mountain, Early Rose, Early Ohio, Triumph, and Irish Cobbler. The exhibitor must have been a member of Association. Exhibitors should not wash the potatoes. Exhibits will stand a better show if they are in crates 15 inches by 11 inches by 8 inches. In any event the rules of the Association will be applied.

ON THE CHIEF'S TRAIL

Chief of Police Maurice Straub says that on several nights recently an evil appearing Russian Finlander has been skulking about his residence at 659 Mason street perhaps for the purpose of doing injury to the chief or his family. Efforts of the chief to nab the fellow have so far proved futile.

Mr. Straub says that not long ago he arrested the Finlander for being drunk and disorderly and since that time the man has frequently threatened to do the officer bodily harm.

ONLY ONE MOURNER

One man and a dog followed Mark Dobbins, of Crandon, aged 74, an eccentric, to his grave. Dobbins had lived in a log cabin near Crandon for 14 years and County Judge Walsh the only human mourner was the one man who had ever gained his confidence. A spaniel dog which followed the body to the cemetery was his only companion.

POTATO GROWERS TO ORGANIZE SEED CENTERS

Gathering Of Potato Men In This City Next Thursday and Friday Will Be One Of The Most Important Ever Held In Middle West

With a large but carefully selected exhibit of only the standard market varieties of potatoes, with a complete display of appliances used in the control of tuber pests and diseases and with a program crowded with addresses by some of the leading potato experts of this country, the annual convention of the Wisconsin Potato Growers' Association in Rhinelander on November 20 and 21 will be one of the most important gatherings of potato men ever held in the Middle West.

The program and exhibition have been planned in the interests of pure seed of standard market varieties for all commercial purposes, and the entire convention will center around one fundamental need—pure seed, and the organization of pure seed centers. Pure seed growing has been for several seasons, an important feature of the potato extension work of the Horticultural department of the university, and the Potato Growers' Association is an outgrowth of this movement.

The selection of certified seed will be given special consideration by representatives of the United States Department of Agriculture who have been invited to attend the meeting.

Following is the program for the two days sessions:

Thursday Afternoon, November 20.

"Seed Selection and Improvement"—William Stuart, field expert, United States Department of Agriculture.

"The Market Demand for Improved Standards"—E. P. Miller, Chicago.

"The Need of Cooperation Among Growers," by members of the association.

Friday Forenoon, November 21.

"Potato Diseases in Relation to Seed Standards"—L. R. Jones, Pathologist Wisconsin Experiment Station.

"Seed Inspection and Certification"—W. A. Orton, United States Department of Agriculture.

"Vine and Tuber Characteristics of Standard Market Varieties"—William Stuart.

Friday Afternoon, November 21.

"Significance of Pure Seed Work in Wisconsin"—Dean Harry L. Russell, Wisconsin Experiment Station.

"Affiliations of the Horticultural Department to Potato Improvement in Wisconsin"—J. G. Moore, horticulturist, Wisconsin Experiment Station.

"Opportunities in Pure Seed Growing"—H. E. Krueger, Beaver Dam, Wisconsin, and "Potato Growing and Industrial Development," H. C. Cheyney, assistant general freight agent, Chicago and Northwestern railroad.

B. G. Packer, commissioner of immigration for Wisconsin, A. D. Campbell, secretary Wisconsin Advancement association, and T. A. Hovestad, agricultural commissioner for "Soo" Line railroad.

Following the convention a campaign will be started in the interest of potato seed distribution upon a community basis, the seed being furnished to the communities where most needed.

RULES AND DIRECTIONS

The Armory at Rhinelander has been secured for the exhibit.

All exhibits should be placed in the exhibit hall on Wednesday, Nov. 19.

Exhibits will not be received after Thursday, 4 p. m., unless unavoidably delayed.

No entry fee will be required. Winners of premiums will be required to become members of the Wisconsin Potato Growers Association.

Provision will be made to arrange separate space for county exhibits where such space is requested in advance.

Individual exhibits composing county exhibits will be allowed to compete for premiums in the regular variety classes.

Special wall space will be provided for county exhibits. County booth exhibits must be arranged by a committee representing the county. The Association will provide a superintendent in charge of exhibits who will co-operate and assist.

Individual exhibits may be sent in care of the Association, express charges prepaid by the exhibitor. Send exhibits to State Exhibit, Wisconsin Potato Growers Association, Rhinelander, Wis. Notify the secretary in advance.

Although samples of 1/2 bu. will be received, exhibitors will be encouraged to show in quantities of 1 bushel or 1 barrel. The larger amounts make an excellent showing.

Exhibitors are requested to use the following uniform box for single variety entries, box 15 inches by 12 inches by eight inches deep. All standard market packages on larger exhibits will be acceptable.

The State Association will furnish printed labels for standard market varieties. These labels are to be returned at the close of the convention.

This premium list has been arranged to encourage the showing of standard market varieties. Growers are urged to select stock giving consideration to the following important points:

A. Select exhibit stock if possible from the field.

B. Uniformity. Select for uniformity in size, shape and color.

C. Market quality. Select clean, bright, sound stock, well ripened. Avoid rough, coarse, uneven stock.

D. Turgoriness to type. Use every precaution to select tubers according to variety characteristics.

E. Disease. Select with special care for freedom from scab and dry rot diseases and from bruises, checks or other mechanical injuries.

Secure Wisconsin Experiment Station bulletins 225 and circular 26.

Mail all entries to J. G. Millward, Secretary, Madison, Wis.

HUNTERS INVADE NORTHERN WOODS

Thousands Of Deer Will Be Slaughtered During Present Season

Tuesday was the opening of the deer hunting season in Wisconsin and for a period of twenty days the woods in this part of the state will be filled with hunters.

Forty thousand hunters will scour the woods in the northern half of Wisconsin in quest of deer, according to estimates of the state game warden, department. It is expected that 10,000 deer will be killed.

Last year 6,000 deer were shipped by residents of this state alone. Deer are reported plentiful owing to the absence of forest fires. The department says that the number of licenses issued this year will exceed all records. A large number of deputy game wardens from the southern part of the state have been assigned to duty in this territory during the hunting season. They will be ever on the alert for violators.

It is said that there were at least twelve strange deputies in Rhinelander Saturday. They left here for their respective fields.

There is an increase of 10 per cent in the number of licenses issued in any county last year. A reserve of 5,000 has been sent out from headquarters and a new supply is ordered. John Schulz, head game warden will be in northern Wisconsin during the deer season to supervise the work of the deputies.

All railroad trains into this city are loaded with hunters, who will bring their glistering rifles and cartridge belts, resemble squads of volunteers bound for the seat of war. As is customary during hunting season the usual number of accidents is looked for and already the newspapers have reported fatalities due to carelessness. One old timber cruiser remarked Tuesday that he would not venture into the woods until the hunters had departed as he did not care to be a target for some fool's bullet. He considered it positively unsafe for one to be in the timber at this time.

GRAND CONCERT NOV. 20

Military Band And Varden Arrange Fine Program

Thursday, Nov. 20, is the date of the grand concert to be given by the Military band and Varden singing society at the Grand Opera House. This will be one of the greatest treats ever afforded the music loving people of Rhinelander. Local organizations have been practicing for weeks back and each will be a its best. Forty musicians and singers will take part in the extensive program.

It was at first arranged to give the concert on Nov. 23 but later the date was changed to November 20. Doors will be open at 5 o'clock p. m. and the program will begin at 8:20 sharp.

THREE SMOKES A DAY

Rhinelander cigar makers will hereafter be limited to three cigars a day on which they are not required to pay a revenue tax. This is according to a new internal revenue law which went into effect a month ago.

In order to avail themselves of the privilege of the law, however, the workers must take their cigars every day. They cannot let them go for a day and then take six the next day, or for a week and then pull down the entire twenty-one a week.

ANOTHER STORE HERE?

There is a rumor afloat that Dr. Goldberg, proprietor of Antigo's largest department store, is considering establishing a store in this city. A confirmation of the report cannot be obtained.

CLEVER VAUDEVILLE

Rag Time Trio Greatly Pleases Patrons Of Majestic

Majestic patrons were entertained Monday, Tuesday and Wednesday evenings by the Rag Time Trio, clever colored singers and dancers who presented one of the most pleasing vaudeville acts ever seen at this popular theater. Their program consisted of excellent singing, dancing and musical numbers which greatly delighted the large audiences. Mr. Zander will endeavor to secure a return engagement of the trio for some date during the winter.

Some extra good picture programs are being produced at the Majestic, including many of the latest releases. Several splendid features are promised for the winter.

PROCLAMATION BY THE GOVERNOR

Tells Why State People Should Rejoice In Fixing Thanksgiving Nov. 27

Governor McGovern Monday issued a proclamation designating Thursday, Nov. 27 as Thanksgiving day.

Among other things he says:

"As the year 1913 approaches its close it is manifest that no state for the union has greater reason for profound thankfulness than has Wisconsin. Sound health, profitable employment and abundant success have attended our people throughout the year. There has been no catastrophe of flood or storm. Instead, the good spirits of sunshine and rain have hovered over our land, covering the earth with natural beauty and insuring to the farmers abundant crops. The arteries of trade are pulsing with a flow of the rich fruits of the soil and the valuable products of our shops, factories and mills. Truly, our cup of gladness and content is running over."

SMALL-POX AND DIPHTHERIA

A Case of Each Disease Discovered In City Tuesday

A case of small-pox and a case of diphtheria were discovered in the city Tuesday. Both patients are young men, strangers in the city and have been boarding at hotels in the Thayer street district. As the city has no pest house for contagious diseases, Dr. J. T. Elliott, health officer, rented the Pabst building at the corner of Rives and Thayer streets for this purpose and the patients are there confined. Two attendants are caring for them. Both cases are mild.

The problem which confronted Dr. Elliott and other city officials Tuesday in finding a suitable building in which to place the patients was a serious one. The Pabst building was finally secured through the efforts of H. L. Reers, city attorney, who telephoned the company in Milwaukee for permission.

WARNER'S CORSETS

INSURE A PERFECT FIT

The winter models were designed to reflect, at its best, the dress mode of the season.

They effect the precise waist line needed. Snug enough to support and to lend a graceful but only slightly curved slope of the hip.

There's comfort in such a Corset—both mental and physical. One breathes and moves almost unconscious of the corset except through the visible evidences of the figure improvement.

Warner's Rust-Proof Corsets have long been distinguished by the excellent and pliable quality of their boning. They yield rather than bind; "give" only to return to the lines set by the corset when in repose.

The Modiste who requires a Warner as the basis of the gown she builds has a reason for her insistence—she knows the fashionable figure so insured will make her work all the more satisfactory. Warner Corsets come in many models. There is a model for the tall and slight—for the muscular and plump—for the willowy maid—for the athletic girl—for "everywoman"

DEER IN CITY LIMITS

One Wanders Into The Paul Browne Pasture Ground

A fine specimen of deer was seen by several residents of Hillside Addition one day last week feeding contentedly in the pasture on Paul Browne's farm just opposite the Soo passenger station. After watching it for some time one of the residents of that section wandered over toward where it was feeding and the animal dashed away toward the wooded section and was soon lost to sight. The animal had probably been driven by hunters in the Woodboro country and becoming exhausted had sought the clearing.

A few years ago two deer were seen on the Crofoot farm on the upper west side of the city.

HARLAN TRIPP WEDS

Harlan Tripp and bride of Tomahawk were in the city Friday guests of his brother, Ben Tripp. They were on their wedding trip and left that day for Milwaukee. Mrs. Tripp was formerly Miss Lena Miller, a popular Tomahawk girl. Mr. Tripp formerly attended school in this city and has a large acquaintance here. He owns a fine farm near Tomahawk where he and his wife will reside.

NEW SETTLERS COMING

Robert Riley returned Friday from southern Wisconsin and northern Illinois, where, in the interests of J. J. Remo, he expounded the virtues of Oneida County lands to prospective settlers. Mr. Riley says that he found business good and as a result of his trip several new families from that section will locate in this county next spring.

Mrs. Riley, who has been in Milwaukee for the last month, accompanied her husband to this city.

SEWER REPAIRS

Owing to frequent trouble with the sewer main on North Brown street it was deemed advisable to have an additional manhole installed and Street Commissioner Moberg this week completed the work of building the same. The new manhole is placed midway between Phillips and Edgar streets and will enable the street crew to clear the main sewer of any obstructions in that locality. From trouble already experienced on other sewer runs it is quite likely that another year will see a number of these additional man-holes put in.

PELICAN LAKE

Mrs. Art Ward entertained the Ladies' Aid last Thursday at her beautiful little cottage; after an afternoon of practicing hymns and busy work the ladies were escorted into the dining room where an elegant lunch was served them; after which Mrs. Joe Hutchinson read a beautiful poem from Silver Linings. J. E. Hutchinson was in Antigo Monday.

Mrs. Davis and son of Wild Rose are visiting Mr. and Mrs. A. Ward.

Dr. Decker of Crandon was called here Saturday to attend Art Ward who was taken suddenly ill.

THE BANK OF PERSONAL SERVICE

POMONA ADOPTS TWO RESOLUTIONS

They Pertain To Rural Schools And The State Forestry Question

To the Officers and Members of the Western Pomona Grange:

We, the undersigned committee, beg leave to submit the following resolutions:

Whereas, The subject matter taught, and the instructions given in the rural schools have a tendency to turn rural children towards the cities and

Whereas, Much of the subject matter taught in our schools is obsolete, useless and cumbersome taking up the pupils' time to the exclusion of more valuable training, and Whereas, The child's life in the school room is largely unrelated to his life out of the school room and in many ways our rural schools are not fulfilling their mission. Therefore be it

Resolved, That the Western Pomona Grange believes that much of the obsolete matter of our text books might be advantageously omitted.

We believe that more attention should be given to mental arithmetic and less time to written arithmetic.

We believe that such subjects as Troy and apothecaries' weights, averaging accounts, equation of payments should be omitted from the work of elementary schools.

We also believe that the Manual of A Course of Study should contain more farm problems and less of stocks and bonds.

We believe that there should be more practical work given in the use of the English language and less of technical grammar in the elementary schools.

There should be less of physiology and anatomy and more of personal and home hygiene.

We also believe that our geographical outlines contain too much matter that should be found only in works of reference and that more observational work be given to this interesting and useful study.

Be it further Resolved, That in place of time now spent learning much useless matter that all rural schools be required to install a Babcock test and that children be taught seed classification and seed germination and that a knowledge of weeds and weed seeds is of more importance than a superficial knowledge of the Fiji Islands. We hold that agricultural instruction there should be more contact with the things of the farm and that farm and kitchen economy be not overlooked.

We believe that more of the child's reading matter should be devoted to the teaching of farm ideals and that the child's life in the school room should relate, as far as possible, to his life outside the school room, and to accomplish this end

We believe that the establishment of rural high schools should be made compulsory where the population and taxable property is great enough to justify.

Resolved, That the Western Pomona Grange requests Our State Grange to take up this subject with the State officials and work for the reconstruction of our present school system, believing that the demands of the day require children to have more practical knowledge of every day affairs, a more exalted opinion of the importance of agriculture and a clear conception of scientific farming.

Your committee acknowledges indebtedness to Bro. E. L. Luther, Agricultural Representative; to Bro. B. Mack Dresden, Principal of Oneida County Training School; to Mr. F. A. Lowell, County Superintendent; Mr. C. P. Cary, State Superintendent; Bro. Hoon. H. M. Culbertson, Master of Wisconsin State Grange and to W. E. Larson, Inspector of Rural Schools for many valuable suggestions.

BRO. GEO. H. DAWES,

SIS. EDITH C. RIEK.

BRO. W. W. THAYER.

ester; has a well defined forest policy which is to set aside 1,500,000 acres in Oneida, Vilas, Forest, Iron, and Price counties for forest and park purposes; and

Whereas, For the accomplishments have been published regarding the non-agricultural character of this land, therefore be it

Resolved, That while we approve of forestry being practiced by the state as a wise and beneficial policy, we however believe in a state wide forest policy rather than a sectional one.

Resolved, That we look with disfavor upon the policy of taking approximately 1,500,000 acres, of land in a solid block, in the above named counties, for forest and park purposes. Be it further

Resolved, That we severely censure the State Forester and the entire State Board of Forestry for the erroneous and misleading statements that have been published as to the amount of non-agricultural land in the proposed forest reserve area; these statements being calculated to retard and ultimately defeat the settlement of this section of the state.

Resolved, That we request the State Board of Forestry to adopt a different policy and limit the forest reserve to such lands as practical men pronounce unfit for agricultural purposes and extend the forest area to lands of a non-agricultural character throughout the state.

EDITH C. RIEK,

Sec. Western Pomona Grange. These resolutions will be presented to the State Grange in December.

A TOOTH DECAYED

A NIGHT OF TERROR

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by All Dealers.

THE FUEL PROBLEM

The outlook at the present time on the fuel question is not an encouraging one and the probability is that Rhinelander will be confronted by a wood shortage earlier in the winter than is the usual case. Already the supply of available dry hardwood is getting low in the city and prices are advancing steadily. When the mills get to sawing again in a few weeks the situation will be relieved to some extent as there will be a lot of green hardwood slabs that make very satisfactory fuel for household use that will be delivered daily from the mills to various parts of the city.

STRENGTH FOR OLD PEOPLE

A Simple Remedy Which Favors Longevity.

You act as though you just wondered how you are going to get through this trying season and do your work.

You may be overworked or have had a bad cold which has left you without strength, ambition or much interest in life; in fact you are all run-down.

Let us tell you that Vinol, our delicious cod liver and iron tonic, is just the remedy you need to rebuild wasting tissues and replace weakness with strength.

A prominent Boston lawyer says: "My mother, who is 76 years of age, owes her good health to Vinol as since taking it she can walk farther and do more than she has for years. I consider it a wonderful blood making and strength creating tonic." We have such faith in Vinol that if it does not quickly build you up, restore your strength and make you feel well again, we will return your money. Try Vinol on our guarantee. P. S. If you have Eczema try our Saxo Salve. We guarantee it.

NATURE TELLS YOU

As Many a Rhinelander Reader Knows Too Well

When the kidneys are weak, Nature tells you about it. The urine is nature's index. Infrequent or too frequent passage.

Other disorders suggest kidney ills.

Doan's Kidney Pills are for disordered kidneys.

Rhinelander people testify to their worth.

Mrs. Garrett Lee, 230 Lincoln St., Rhinelander, Wis., says: "We have given Doan's Kidney Pills a thorough trial and know that they act just as represented. One of our children suffered from disordered kidneys and complained of backache. Doan's Kidney Pills were finally procured from Reardon's Drug Store and it did not take them long to bring complete and lasting relief."

HOUSEKEEPERS Must be Watchful

For great efforts are being made in this vicinity to sell baking powders of inferior class, made from alum acids and lime phosphates, both undesirable to those who require high-grade cream of tartar baking powder to make clean and healthful food.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

BIG SURPRISE TO MANY IN RHINELANDER

Reardon, druggist states that this simple remedy antiseptizes the digestive system and draws off the impurities so thoroughly that A SINGLE DOSE relieves sour stomach, gas on stomach and constipation INSTANTLY.

The New North is the only official city paper also the only official county paper.

With the beautiful weather of today, it is hard to realize the blizzard of the first of the week. We can not expect such weather to continue long.

The severe cold stormy weather of the first of the week seems to have been widespread in the middle west. A great destruction of vessels took place on the great lakes and many lives were lost. It is said to have been one of the worst storms of the month of November for years past.

Secretary of Labor William B. Wilson, addressing the American Federation of Labor, bitterly condemned the attitude of the Michigan copper mining companies and warned them that a new conception of titles to property was in progress of formation.

ONLY WANT JUSTICE. When the forestry committee of the legislature was in Rhineland members of that committee said that they found some of the best land in the state in this tract blocked out by Forester Griffith for a forestry reserve. Some seemed convinced that the four hundred thousand acres now owned by the state for forestry purposes were all that could be well handled.

TAXES ARE HIGHER. The taxes of this city this year will be higher than they ever were before. When it was said that the property would be assessed at full cash value, we were told that the rate would drop in proportion but the rate would be as high as ever this year with this great increase of valuation were it not for the fact that the city is now issuing twenty-six thousand dollars in bonds. As it is, the rate will be close to three percent. If city expenditures the next two years increase as rapidly as they have during the past two, where will this high tax scheme end, and with all this we are issuing more bonds. It does seem as though there must be some limit.

CRUELTY IN REFORMATORY. A former prisoner of the Green Bay reformatory makes grave charges of cruelty against the institution as follows: Prisoners received little in the way of education, although it is supposed to be a school of learning.

Excitement still continues over the relations of the United States with Mexico. The opinion is prevalent that President Wilson knows of the awful conditions under Huerta and will never consent to his continuing at the head of the Mexican government. Much speculation prevails as to how Huerta will be eliminated. We do hope it will be without international war.

MELLEN'S PROPHECY. Charles S. Mellen, the most abused railroad president of the United States—a railroad president whom public opinion made an EX-railroad president—has financially broken his silence. He says: "Yes, I am a monopolist."

RE-ASSESS THE TOWNS. Now that the county is being reassessed with a view of adjusting taxes of the city and the various towns, each town should be reassessed. The investigation of the county has shown millions of dollars worth of property under assessed or not assessed at all. There is but one way to correct this and that is to reassess each town. Then there will be some uniformity in assessment and the thousands of dollars worth of property now escaping taxation will be compelled to pay its share of the burden.

ATTENTION CITIZENS! The undersigned committee appointed to arrange for lodging and breakfast for the visiting members of the Wisconsin Potato Growers Association will appreciate hearing from everybody who will be able to furnish accommodations during the two days of the convention, Nov. 20 and 21. The committee would like to hear from those who can furnish lodging and also from those who will be able to give breakfast therewith.

COLONIAL PROGRAM GOOD. Before a large audience the second number of the Wesleyan concert course, the Colonial program, was presented by the Best Concert company at the Grand Opera House Saturday evening. The company consisted of Mrs. Vera Jane Edwards, reader; Miss Mabel Helen Rogers, harpist; Master Stuart McCombs, soprano. Each was a talented artist and the many delightful numbers which they gave met with ardent appreciation.

SOLVING A MYSTERY. By M. QUAD. Copyright, 1913, by Associated Literary Press.

When a village of 1,400 inhabitants can boast of six widows, five old bachelors, six widowers and five old maids, you may take it that that community is "going, some." Such was the case with the village of Grand View, and when a stranger would refer to the rural village of Spring Valley as having two butcher shops he was met with the reply: "Yes, sir, I admit that she has, but where are her widows and widowers and old maids and old bachelors? She hasn't enough to count on two fingers. If you are looking for a home, sir, go no further than this, where business is always steady and real estate on the boom."

AN INCESSANT COUGH.

Continued Dropping of Mucus into my Throat.

A severe cough is always a grave symptom. It may not indicate organic disease of the lungs. Even though the cough is a functional disturbance it is of sufficient gravity to demand prompt attention.

The dropping of mucus from the back part of the nose into the throat indicates nasal catarrh. Sometimes this goes on a long time before the patient pays any attention to it. It is stated on good authority that mucus dropping into the throat in this way is apt to excite catarrh of the stomach. At any rate, the condition ought to be corrected as soon as possible.

Mrs. Bourland, of Frankston, Texas, found after using Peruna that not only did the incessant cough disappear, but the dropping of mucus into the throat had also ceased. Read what she says:

"For twenty-three years I was a constant sufferer from chronic catarrh. I had a severe misery and burning in the top of my head. There was almost a continual dropping of mucus into my throat, which caused frequent expectoration. My entire system gradually became involved, and my condition grew worse. I had an incessant cough and frequent attacks of bilious colic, from which it seemed I could not recover. My bowels also became affected, causing alarming attacks of hemorrhages.

"I tried many remedies, which gave only temporary relief, or no relief at all. I at last tried Peruna, and in three days I was relieved of the bowel derangement. After using five bottles I was entirely cured.

"I most cheerfully recommend the use of Peruna to any one similarly afflicted."

Wanted--Confidence

The one thing which is keeping what may be called the "high grade" domestic trade out of the home laundries is the lack of confidence in them. There are plenty of power laundries which launder fine household linen, ladies' apparel and gentlemen's shirts, collars and cuffs as they should be. The trouble is they are not easy to locate.

HELPING THE FARMERS

E. L. Luther Has Been Big Asset To Oneida County

"There is not a county in Wisconsin in which the farming could not be improved and made more profitable through the close cooperation of its farmers and a well informed and thoroughly practical agricultural representative," recently declared E. L. Luther, Oneida County representative, before a meeting of Southeastern Wisconsin bankers held at Lake Mills.

Having been engaged in 1912 co-operatively by the United States Department of Agriculture, the College of Agriculture of the University of Wisconsin and the supervisors of Oneida county, Mr. Luther ranks as the first county agricultural representative employed in America. Since that date four other representatives have been employed to cooperate with the farmers of as many more Wisconsin counties, and the movement because of its many benefits has become popular in many other states.

Largely as a result of this cooperative relationship, 15 silos have been built in Oneida county since February, 1912, alfalfa has been sown on 119 farms, several choice seed and superior market potato centers have been established, a number of registered and bred-for-production sires have been added to the herds of this rapidly developing county, and in many other ways the farmers of this section have been aided.

LOOKING FOR NOVATORS

DECLARE WAR ON COLDS

A crusade of education which aims "that common colds may become as common within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."

"Don't sleep in hot rooms."

"Don't avoid the fresh air."

"Don't stuff yourself at meal time. Overeating reduces your resistance."

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by All Dealers.

WOMAN'S CLUB DEPARTMENT

EDITED BY THE CIVIC COMMITTEE

State law regarding Pool Rooms. Minors not to play billiards, etc. Section 4375.

Any owner or keeper of any billiard table, pool table, pigeonhole table or bowling alley kept for gain, or any agent or servant of such owner or keeper in charge thereof who shall allow or in any manner permit any minor to play any games thereon shall be punished by imprisonment in the county jail not more than ten days or by fine not exceeding twenty-five dollars. (1866c. 26. 21; 1867c. 1258. 2, 3; R. S. 1878c. 4575; Ann. Stats. 1898S. 4575; Stats 1898S. 4575).

As there is no city ordinance governing the pool rooms in any way the state law may prove edifying.

While it is conceded that young people must have recreation and plenty of it, it is becoming more and more realized that the places of amusement must be supervised and made wholly good or the future of our growing citizens will be sadly affected.

The influence of the parents in the home is very strong and although from outside influences, young children may for a time seem to be on the wrong track, almost all young people of good parentage grow up to resemble their parents and become good and useful citizens. But those who have indifferent parents and poor homes, remain undeveloped morally and eventually become our criminal class.

For the sake of these young people the state should step in and guard them and give them every chance possible while they are still young enough to be influenced; good places of amusement should be provided and all commercial places of recreation should be carefully supervised. The council is to be commended for its plan to provide an ice rink this winter for public use.

The moving pictures while capable of so much that is good also have their dangers. Many pictures that are shown suggest to the young minds the joy of shooting Indians, and the excitement to be derived from brigandage. Would not the general influence be further bettered if the picture theaters were closed on Sunday evenings, and not only the young but the old as well encouraged to attend our numerous churches, many of which remain closed on Sunday evening because the crowd prefers to be amused.

Every true mother seeks to keep her child safe from the wicked world, and does all she can to make home attractive and keep the husband and children at home. But this does not

improve the world to any great extent. Instead of trying so hard to keep the children safe from the wicked world, ought we not all, both men and women, to try to make the world a decent place for the children. It is often thought and said: "If the women would just stay at home all the problems of bringing up a family would be solved. But all children must go out from the home some time. They have a right to the world as well as to the home. Is it not then our business to make the world, beginning with our own town a safe and fit place for our children."

tion here during Mr. Lamon's three
weeks vacation.

ducted religious services at the

cago are located at Grandy's resort
at Butternut lake.

Mrs. John Ziemienski Sundayed
with her husband at Antigo, return-
ing home on Monday.

The Am. Express auditor checked
up the Three Lakes station the first
of the week and found things in first
class shape.

Geo. Ball has his new furnace in
first class running order. What
George doesn't know about a fur-
nace isn't worth knowing.

Chairman Piehl of Gagen was in
the village on Saturday. He made
the trip by team and bucked a heavy
rain storm during the entire trip.

Mr. Skibby, the Antigo potato
man loaded out two car loads of po-
tatoes this week. One at Small's
Siding and one in the village here.

J. M. McCrary tackled planting
Ground lake with his launch on Sat-
urday and had a tough experience.
He never saw the lake rough.

Game Warden Oberholzer was in
town on Saturday. He is keeping
pretty well posted on what is going
on in his line of business.

Dell Brewster has charge of a
hunting party, Milland Brewster, his
father and John Oikowski are among
the bunch.

Mr. Reece came down from his Ser-
en Mile lake resort on Monday to
meet a party of deer hunters as well
as taking in a load of provisions.

Chas. Rich has returned from the
Oshkosh hospital where he under-
went an operation for appendicitis.
He is getting along nicely.

Mrs. Everson and baby of Mercer
arrived here on Monday to spend a
short time with her mother, Mrs.
Anderson.

Ray Barker has returned from Pel-
ican on account that the extra mar-
position has been discontinued for
the present.

John Ziemienski, who is at the
Antigo hospital was very low the
first of the week, but as we go to
press he is much easier again.

Adolph Hoffman has charge
of the John Oikowski, saloon, while
John is passing away his time in the
woods.

John Gorski, his friends will be
pleased to note will be able to re-
turn from the hospital sometime dur-
ing the present week.

Frank Epler is busy entertaining
some of his Indiana friends. They
are out for a hunt. Ed. Epler is at
so here to land his share.

Mrs. Harper who is holding a pos-
ition at the Reers home Rhinelander
spent a few days with Three Lakes
relatives.

Mr. and Mrs. C. Church and baby
are guests at the Stanzel home.
Mrs. Church is a sister of Mrs. Stan-
zel.

Mrs. F. Abrahams (formerly Ruby
Frank) arrived here on Monday,
from Oshkosh, to spend a few days
with her parents at Long Lake dam.

Miss Emma Korzilius, who held the
position as musical director at the
Rhinelander moving picture show
has resigned her position and re-
turned home on Monday. She has
had an offer for similar work at Chi-
cago and also Racine.

Guide Edward Stanzel has charge
of the following party for a deer
hunt and will locate his party at
one of Mr. Grandy's cottages at But-
ternut Lake. Messrs. E. A. Gies,
John Reginald, Wm. Rinkle, Ed. Pet-
zel and friend, all of Milwaukee.

Henry Anderson came over from
Otter Creek, where he holds a posi-
tion at Joseph Godlewski's camp,
to put in a ten day deer hunt with
the following party: J. Mr. Anderson
(his father) from Ogdensburg, Dr.
Louch, Mr. Parks and Mr. Wright,
all Iola people. Hank is going to
show his party how to land them in
the northern woods.

A surveying crew is busy locating
a new county road between Three
Lakes and the town of Gagen, and
they are also making some changes
on our Rhinelander road. It is hoped
that we will have some good roads
in this town ere many years roll by.

Our woods are swarming with
hunters. Never before did hunters
find Three Lakes compared with
this season. It is hoped that those
in the woods will be most careful
so that no bad accidents will have
to be announced from Three Lakes.

Farmer John Small residing four
miles south of Three Lakes, killed a
cow recently which was a fawn col-
ored critter. Nothing strange about
this, but John is willing to stand on
a stack of bibles and make oath
that the critter's hide contained at
least 25 pounds of shot, being of all
sizes up to buck shot. He feels
that his friends ought to be a
little more careful while hunting
down in his neighborhood, as he has
many calves and blooded cows that
he thinks much of and hates to see
them abused. His friends should be
kind enough to notify him when they
are coming in that direction so John
will have ample time to gather in
his stock.

UPPER WISCONSIN ATTRACTS

Big Movement Of Settlers Predicted
For Present Year

Indications are that the year 1914
will see the biggest movement of
settlers to upper Wisconsin in the
history of the state, says the Even-
ing Wisconsin. The present time
shows more activity in that direction
than has been experienced by those
who have been in the business for
years.

Inquiries are being received from
all parts of the country by the Wis-
consin Advancement Association and
settlers and prospective settlers are
daily passing through Milwaukee
bound northward.

Those familiar with the land bus-
iness predict that the movement be-
ginning is but the opening of a great
trend of settlement to northern Wis-
consin. The movement to the west
and Canada is greatly on the wane
and the general opinion of landmen
is that the next big exodus will be
to northern Wisconsin and the rain-
belt states adjoining.

WARNING TO HUNTERS.

A neighboring newspaper gives the
following advice to hunters which if
heeded may result in less accidents
during the present deer season:

Look out for the gun that isn't
loaded.

Look out for the fellow who
shoots at shadows and noises. A red
cap or a scarlet uniform is no pro-
tection against him.

Look out when hunting to see that
you don't go wandering about some
cedar swamp. Fools dearly love to
shoot into cedar.

Look out that you have your gun
license if you go to another county
as well as your deer license before
you go into the deer woods this win-
ter.

Look out for the bark of the gun
you are pulling by the muzzle.

Look out for those at home by tak-
ing out a big bunch of accident in-
surance before you go into the deer
camp.

Look out for fool hunters. The
woods are full of them.

Look out for the black cat that
isn't a bear.

A DONATION

We will sell to the first person who comes to us with \$1,500, the large dwelling house on the corner of Margaret and Prospect streets, one block east of the South Park school. The house is in first-class condition, cellar, water, hardwood floors throughout, wired for electricity.

This building can not be duplicated for \$1,500.00 and whoever buys it is going to get a \$500.00 lot for nothing. The owner lives in the west and, on account of recent hard luck, is willing to sell this property at a sacrifice. Can arrange terms if preferred. If you want a home of your own, don't let this chance go by.
